

Delete the Summary on Pages 15 and 16 and insert the following **ABSTRACT OF THE DISCLOSURE**:

A process and a memory-programmable control unit are disclosed for transferring data into and out of the control unit for the purpose of increasing security of data transmission. The process includes coding at the sender with a sender identification, decoding at the recipient and checking the sender identification and validity against defined sender identifications. User rights are allocated for status alteration of transferred data in accordance with an authorization list and data is rejected if the sender identification is invalid or not entered in the authorization list.
